THE SONG OF THE PAVEMENT.

They took a little gravel,
And they took a little tar,
With various ingredients
Imported from afar.
They hammered it and rolled it,
And when they went away
They said they had a pavement
That would last for many a day.
But they came with picks and spades
To lay a water main;
And then they called the workmen
To put it back again.
To run a railway cable
They took it up some more;
And then they put it back again
Just where it was before.
They took it up for conduits
To run the telephone,
And then they put it back again
As hard as any stone.
They took it up for wires
To feed the electric light,
And then they put it back again
Which was no more than right.
Oh, the pavement's full of furrows:
There are patches everywhere;
You'd like to ride upon it,
But it's seldom that you dare.
It's a very handsome pavement,
A credit to the town;
They're always digging it up
Or putting it down.

Report on the Rural Carrier Appointments for Mason County

A dispatch to the Courier-Journal from Washington says it is expected that a report will shortly be made by the Agent of the Postoffice Department sent to Mason county to investigate charges of collusion between the Civil Service Examiner and applicants for examination to the position of rural free delivery carriers.

Under the examination held all the appointees for carrier positions were Democrats.

This led the Republicans of the county to complain to the Department, which revoked the commissions pending further examination.

The Civil Service Commission declares that the reason the appointees received their commissions was because they obtained the highest averages, and that the examination was conducted squarely.

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heats and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Dr. Armstrong of India, Texas, prescribes it daily and says there is no better cough remedy made. Sold by J. Jas. Wood & Son, Druggists.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Councilor—J. A. Mitchell.
Vice-Councilor—Robert Wise.
Treasurer—N. C. Rudy.
Financial Secretary—G. A. Helmer.
Recording Secretary—Ben T. Smith.
Warden—Henry Breeze.
Conductor—James T. Sweet.
I. G.—Andy Reed.
O. G.—John Downton.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by J. Jas. Wood & Son.

Our business year ends on the 14th of January. We begin invoicing on the 10th of January. We prefer invoicing cash to merchandise. Beginning Saturday morning we will sell for cash only.

Our \$18 Suits for \$15.

Our \$15 Suits for \$12.

Our \$12 Suits for \$10.

The same reduction in prices will rule in Overcoats. A reduction of 20% on all Children's Suits and Overcoats. With us there is no timidity about closing up to mark down prices. The price marks you will find on the goods are the price marks that have been on them the entire season. No juggling with figures. Please bear in mind that these prices mean "spot cash." Notwithstanding the reduction of prices, Trading Stamps will be given with all purchases.

The Post is authority for the statement that 1,000 pies are eaten in Washington every day. That's the result, evidently, of so many lining up at the "pie counter."

The Louisville Herald admits at last that the Hanna boom has struck Kentucky, but says it is merely tentative. Maybe so; but here's wagon loads of Republicans in this end of the state who are just honing for a chance to vote for MARK HANNA in preference to ROOSEVELT.

KENTUCKY in 1903 built 116.35 miles of railroad and will build 93.12 miles in 1904. West Virginia built 268.10 miles in 1903 and will build 422.80 in 1904. Unless Kentucky gets a Legislature that will pay less attention to politics and more attention to the business interests of the state, West Virginia will soon leave us far behind in the march of progress.

WHEN it is remembered that no President has been elected since the War without the vote of New York, the Democrats will be glad to get it for their candidate and take the chances of his election! The betting on the electoral vote of New York has already commenced. On Christmas eve HENRY S. RILEY wagered \$5,000 to \$4,000 with BILL TIMBERLAKE that if ROOSEVELT was nominated he would lose the state.

THE World's Work says two strikers were picketing the entrance of an alley during the strike at the factory of the Kellogg Switchboard and Supply Company in Chicago last May. A non-Union man came out of the factory and started across the street. One of the strikers picked up a brick. As he looked at it an expression of disgust came over his face and he threw it down.

"Why didn't you throw it at that scab?" asked the other striker.

"Because it is a non-Union brick."

THE coming session of the Legislature promises to be a lively one. If the members will do just three things—pass a new Capitol bill, an honest election law, and an equitable suffrage law,—they will have rendered the state a service greater than any previous Legislature.

THE great Carnegie Steel Company of Pennsylvania, employing thousands of men, has posted notices in all its mills that for the ensuing year contracts will be made with each individual workman, and not with any Union through its Walking Delegate or Business Agent. If this thing keeps on, the Walking Delegate will soon be obliged to go to work.

FATHER "TOM" SHERMAN, the son of General Tecumseh Sherman, and who is well known for his prominence as a member of the Jesuit Order, declared that the crisis had been reached in Chicago in the fight of the decent elements of the city against thuggery, both of the criminal classes and that inflicted by ill-advised Unionists. Chicago will be cleared of things and lawbreakers that have made it infamous in the sight of the world. The stopping of funerals was the last straw. Now the decent elements will get together, and there will be a housecleaning.

JOE MILLER of the State Liquor League of Ohio says he will stake his reputation as a prophet that before the adjournment of the Supreme Court of the United States next summer the Court will decide that all local option laws are unconstitutional because violating the Fourteenth Amendment. If Joseph has been keeping tab on the record, he'll find that the way has already been made easy for violating the aforesaid Amendment. It provides, among other things, that any state denying the right of suffrage to any portion of its citizens shall have its representation in Congress reduced accordingly; and yet there are several states where the Negro is not allowed to vote, and still the Democrats line up in full force in Washington. If the Courts permit a violation of the Amendment in the matter of suffrage and representation, they will hardly pay much heed to people who want to sell such a poor article as Ohio whisky. Besides, it looks bad for an Ohio man to invoke the aid of the Fourteenth Amendment when his state refused to ratify it.

Political Pickings

ROOSEVELT'S HIDDEN FOES.

Philadelphia Record.

We have already referred to several indications of the conviction growing upon Republican minds that the nomination of Mr. Roosevelt cannot be prevented, nor his election accomplished. More of the same is contained in a Washington dispatch quoting a Republican Senator—whose name is not disclosed—who said that in the New England and Middle states many Republicans had asked him about Senator Gorman, and, being assured that he was not a Freetrader nor a Silverite, had manifested a satisfaction which in the Senator's estimation meant "that those Republicans who are opposed to Mr. Roosevelt have given up the hope of defeating his nomination, and are contemplating the idea of supporting Gorman. In their desperation they have put their heads together and propose to discipline their own party by throwing their weight to the Democratic candidate."

Of course, the expressions attributed to an unnamed Senator cannot be taken as testimony of the most substantial character, but this anecdote reaches the public in dispatches of a veteran correspondent, and it supports other evidence that Republicans are opposed to the President, do not expect to prevent his nomination, and do expect to see him defeated.

William Lancer, a farmer at Mt. Carmel, Ill., is charged with assassinating his mother as she sat eating her supper in her home.

Russia is buying millions of pounds of American meat in San Francisco, Des Moines and Kansas City. The meat is said to be for the army. Minneapolis millers are shipping big orders of flour to Japan.

Building Associations

The receipts of the several Building Associations of this city Saturday night were as follows:

Mason County \$ 512.30
Limestone 27.00
People's 238.15
Total \$ 777.45

The Lone Star State.

Down in Texas at Yoakum is a big drygoods firm of which Mr. J. M. Haller is the head. Mr. Haller, on one of his trips East to buy goods, said to a friend who was with him in the palace car, "Here, take one of these Little Early Risers upon retreating and you will be up early in the morning feeling good." For the "dark brown" taste, headache and that lousy feeling DeWitt's Little Early Risers are the best pills to use. Sold by J. Jas. Wood & Son, Druggists.

Frank Schmidt of Jersey City has made a tea kettle about the size of a pea with a capacity of two drops of water, and an alcohol lamp correspondingly small, out of half of a cent.

The merchant who wishes to reach people who buy goods, puts his advertisement in a paper that people read; the merchant who throws his money away, gives his advertisement to the fakir who promises to put it on a card and hang it up on a street corner.

Not less than 5,000 people read THE LEDGER 512 days in the year. This makes a total of 1,500,000 readers in a year.

Do you want your name and business repeated that often within the next twelve months?
